## NINE O'CLOCK CLOSING IS PASSED

**BY VOTE OF THREE TO TWO BOARD OF TRUSTEES ADOPT ORDINANCE REGULATING SALOONS.**

By a vote of three to two the City Trustees passed the ordinance closing the saloons here at 9 o'clock and limiting the hour and quantity of sale of package goods. Following the final reading, on rollcall Trustee Cunningham voted for the ordinance. Trustee Healy made a plea for 10 o'clock closing, and Mayor Kelley instructed him to cast his ballot, the time for objections having passed. Healy voted "No." Trustee Holston voted for the amendment, Wallace voted against, and Mayor Kelley voiced his vote in favor of the new regulation.

The 9 o'clock closing law becomes effective April 5, thirty days following the date of the passage of the ordinance.

### New City Hall.

Preparations for the holding of a bond election for a new city hall, fire apparatus and sewerage are being made by the City Council. The Board of Trustees have invited the Chamber of Commerce and the public to attend a public mass-meeting which will be held in Metropolitan Hall on Monday evening, March 11, to discuss the bond election and secure from the public generally some expression as to the class of building which will best fit the city's requirements.

## HUNDREDS PAY LAST TRIBUTE TO A. GALLI

**ONE OF LARGEST FUNERAL CORTeges CITY HAS EVER SEEN FOLLOWS DECEASED TO INTERMENT.**

One of the largest funeral corteges which ever left this city followed the remains of A. Galli to its temporary resting place in a vault at the Italian cemetery on Sunday last.

Following a procession headed by Cappelli's band, on Sunday at 2 p. m. the body of the deceased was carried from lodge hall, where it had been passed in review by hundreds of sorrowing friends on Saturday, to All Souls' Church, where the Rev. Fr. Moran preached a touching funeral sermon, in which he paid high tribute to the character of the deceased.

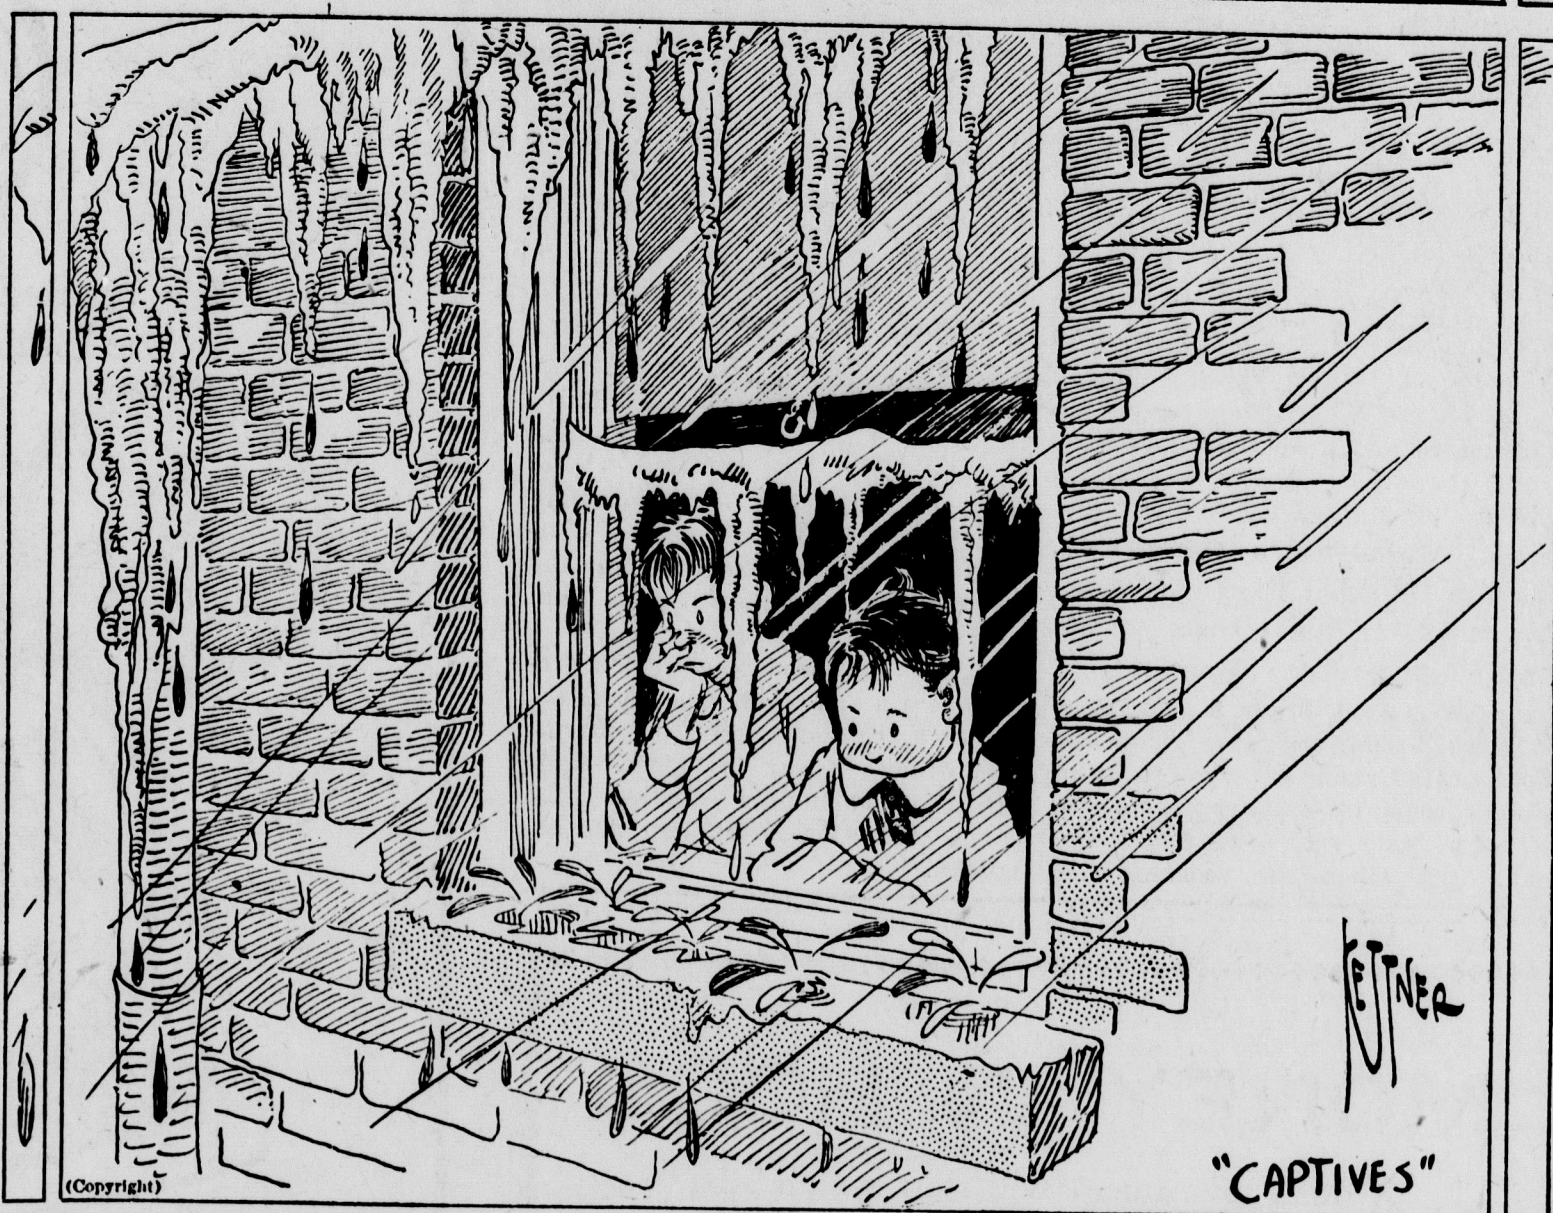

Flowers in profusion, the last remembrances of friends and the various lodges of which the deceased was a member, banked the casket, and about an hour previous to the funeral service vehicles came from all directions, carrying those who cherished the memory of the deceased and who came to pay their final tribute to his memory.

A. Galli was a member of the Redmen, Fraternal Order Eagles, Woodmen of the World, Independent Order Foresters (Court Violet), Ancient Order of Foresters and Societa Mutuo Succorso.

## EMERICK HAS A NARROW ESCAPE

**FORD TRUCK COLLIDES WITH DR. FLANAGAN'S AUTO WHILE GARAGEMAN IS UNDERNEATH MAKING REPAIRS.**

W. R. Emerick had a narrow escape from being seriously hurt when a Ford truck crashed into Dr. Flanagan's car at midnight Thursday.

Emerick was repairing Dr. Flanagan's car when the accident happened. He was lying on the ground under the machine when the truck, driven at a high rate of speed, crashed into Flanagan's automobile, wrecking both machines. Emerick escaped with a bruised finger.

Sasar Veachani, the driver of the truck, was held in \$1000 bail by Judge Dowd in the local Recorder's court this morning.

## POLITICAL POT BEGINS TO BOIL

**CANDIDATES FOR ELECTION TO MUNICIPAL OFFICES THROW THEIR HATS IN RING.**

The political pot is boiling here and the candidates are filing nomination papers for the two trusteeships which are to be filled.

Fred A. Cunningham is a candidate to succeed himself, his office expiring this election. The other Trustee to be replaced is Geo. Wallace, who has not yet definitely announced whether or not he will be a candidate for re-election.

S. Nieri is also in the field. He has received the endorsement of the Italian-American Society, which controls a heavy vote. John Bowler, an employee of the Western Meat Company, has also qualified and announced that his hat is in the ring.

Up to this time no candidate has announced himself in opposition to City Clerk Wm. J. Smith, although there is some talk of placing J. G. Walker in the field.

## DANIEL M'SWEENEY IS TRANSFERRED

**POSTMASTER FAY MAKES SHAKE-UP FOLLOWING POSTOFFICE AGITATION.**

Daniel McSweeney, former postmaster here, has been transferred to the ferry station at San Francisco; M. E. Cashman, with the title of superintendent of mails, is his successor. The removal of McSweeney was ordered by Postmaster Fay and is believed to be a direct result of the recent agitation for restoration of the postoffice status previous to making the local postoffice a branch of San Francisco. With the installation of Cashman came an additional carrier to insure the two deliveries a day system promised by Fay when he appeared before the Chamber of Commerce and explained the reason for the absorption of this city's postal business with San Francisco.

J. J. Jones and Wm. Gertz are the carriers now delivering mail from this station.

## YOUR CITY NEEDS A CITY HALL

Show your civic pride. Attend the meeting and remind your neighbor. Monday, March 11, Metropolitan Hall, 8 p. m.

## CHARMING LOS ANGELES GIRL IS BRIDE OF JURY ACQUITS LERA OF MURDER CHARGE

**CHARLES MOORMAN**

**Judge Porter E. Lamb Unites Popular Young Couple at Burlingame on Thursday; Wedding a Surprise**

The marriage of Miss Frances Unger of Los Angeles and Charles Moorman was quietly solemnized at Burlingame on Thursday afternoon at 2:15. Judge Porter E. Lamb performed the ceremony.

The bride, who is a charming blonde, is a member of a prominent Los Angeles family and the daughter of a physician. Frank Unger, her brother, is well known in San Francisco and bay cities social circles.

Moorman, whose family lives at Riverside, is vice-president of the Schaw-Batcher shipyards here, and is

one of the best-known men of this section. Since taking charge of the great ship plant he has interested himself actively in local community affairs and is president of the Industrial Club of this city, of which he is one of the organizers.

Dr. and Mrs. F. S. Dolley stood up for the young couple, and following the ceremony the bridal party, accompanied by Judge Lamb, motored to Uncle Tom's Cabin for an informal wedding breakfast.

News of the marriage came as a complete surprise to their hosts of friends.

**SOUTH SAN FRANCISCO MAN FREED FOLLOWING TWO AND A HALF HOURS' DELIBERATION.**

After deliberating for more than two hours and a half the jury selected to try Peter Lera, charged with the murder of August Schmidt, turned in a verdict of acquittal in the Superior Court at Redwood City. Lera shot Schmidt in a street brawl here on the night of September 22 of last year, and this was the second time the case came to trial, the first jury failing to agree, seven voting for acquittal and five for conviction.

The case went to the jury at 3:45 p. m. Tuesday afternoon and the verdict was announced at 6:30. Thomas C. Cochran of Menlo Park was foreman of the jury.

Attorney Joseph J. Bullock defended Lera and the prosecution was handled by County Prosecutor Franklin K. Swart.

The jury returning the "not guilty" verdict last night was made up of the six men and six women whose names follow:

Mary E. Goodfriend  
Hattie Bob  
Annie G. Wiegerson  
Anna H. Harrison  
J. W. Bradrick

For the protection of the Schaw-Batcher shipyards the United States Government has stationed a detachment of soldiers at the plant. This precaution is taken against possible attempts at destruction by the I. W. W. or enemy agents.

There are approximately twenty-five stationed at the shipbuilding plant, and permanent quarters have been erected for the men. The de-

## Alice Brady in "A Self-Made Widow" Tuesday Evening at Royal Theatre

When "A Self-Made Widow," the newest World-Picture Brady-Made, comes to the Royal Theatre on Tuesday, March 12, the patrons of this theatre will have the opportunity of seeing Miss Alice Brady in a particularly fascinating role, that of an unsophisticated young country girl who is very romantic and who elopes to New York City with a handsome city man. But when she reaches New

York she finds that her prospective husband has a wife and several children. Rather than admit her mistake she takes a desperate chance and stays in New York under false pretensions. Just what these false pretensions are and what comes from the situation are shown in the drama. Miss Brady's acting in "A Self-Made Widow" is splendidly effective. The whole production is different and delightful.

## In the Screen World

CHARLES RAY.

Possessing a variety of talents aside from the histrionic, Charles Ray  
 does not limit his activities to the studio lot. He excels in all forms of ath-  
 letics, takes a keen interest in electrical experiments, is an apt student of  
 French and Spanish, and, for his own amusement, writes stories whenever  
 inspired by a particularly good idea.

He came under the direction of Thomas H. Ince years ago, following two  
 years' experience with repertoire companies on the road. He appeared for  
 some time in two or three reel pictures, in which he was required to perform  
 all manner of hazardous feats. Then he flashed into stardom over night in  
 the titular role of "The Coward." Critics at once proclaimed him a remark-  
 able "find" for the screen. Their opinions were strongly substantiated by  
 his splendid work in his succeeding pictures.

Totally unlike the weakling characters which he has played, Ray as a boy  
 showed determination and dogged perseverance to accomplish what he de-  
 sired most in the world—to be a successful actor. His father was a formid-  
 able opponent of this aspiration. But at length a compromise was effected  
 whereby Ray Jr. agreed to take a commercial course in college, with the  
 privilege of going on the stage afterward in case business did not suit him.  
 He fulfilled the requirement, then took advantage of the privilege. His first  
 stage appearance was so good that his father, who had been sitting down  
 front, decided to give the boy not only encouragement but financial backing.

The investment was a shrewd one, for now Ray commands a higher sal-  
 ary than many a bank president, and enjoys an enviable popularity wherever  
 pictures are shown. He is six feet tall, has dark brown hair and eyes and is  
 possessed of a winning personality. As he is but 26 years of age, his greatest  
 successes are undoubtedly yet to come.

## Switching Evidence "Camouflage"

The South San Francisco Chamber of Commerce, in its application to the State Railroad Commission for an equalization of switching rates and distances, claimed unjust discrimination. In its rebuttal testimony the Southern Pacific Company filed voluminous figures alleged to show the cost of switching, but one of the witnesses for the transportation company admitted that the 50-cent switching rate still being charged was fixed when all traffic moved over the Valencia-street line, and when only one industry was located at South San Francisco.

A further contention that switching is more difficult in San Francisco than in Oakland because of heavy street traffic was later followed by the admission that 65 per cent of the switching in San Francisco was done at night, and when a further attempt was made to prove that it costs more to haul a car from South San Francisco to Bay Shore than from San Francisco to the same point cross-examination brought out the fact that the latter case involves the use of an extra switch engine.

The transportation company put up a poor case in inverse ratio to the excellent presentation of facts by the complainants. The evidence of the Southern Pacific did not disprove discrimination, and when a witness for the company attempted to justify the lower rate in Oakland by hiding behind an Oakland ordinance purporting to prohibit the company from charging a higher rate within the municipal limits of Oakland Commissioner Devlin brought from the witness an admission that the company did not fully obey the ordinance.

The Southern Pacific switching charges seem to have been made "willy nilly" and are evidently based on the vicious antiquated theory of "getting all the traffic will bear." In fact, J. H. Mulcahy, assistant freight agent of the Southern Pacific, stated that the switching rates "just grew up like Topsy did."

In the aggregate the "Espee" evidence might be classed as "camouflage," and unless decisions in similar cases are completely ignored, the Commission will put its official calipers on the switching limits and use its pruning shears to good effect on the present South San Francisco switching rate. We believe it will be a surprise to the Southern Pacific Company if they do otherwise.

The world will watch with interest the outcome of the German occupation of Russia, as also the disposition the Teutonic powers will make of their agents, Lennine and Trotsky—for that these worthies have been all along working in the interest of Germany few thinking people now doubt. If treachery is rewarded in proportion to its baseness, they should have high place in the favor of the kaiser. If Russia is really their fatherland, they must find deep consolation in the thought that through their efforts she now lies helpless under the heel of her oppressor.

An aspirant for senatorial honors has set a precedent that might well be followed by others in the coming general election. He announces that if President Wilson desires the return to the Senate of the incumbent, and will so express himself, he, the new aspirant, will retire from the contest. There is one man capable of putting his country's interest before his own ambition. There should be others.

A Chicago man is reported to have paid \$10,000 for a pig. That's nothing astonishing. There are any number of hogs that have cost this country many times that amount each. And they can't be used for pork, either. They're just hogs, without any redeeming traits whatever.

Rawson, N. D., has no saloons, no jail, lawyers, doctors, redlight district, church, movies or pawnshop. George Bailey of the Houston (Texas) Post once remarked that "this life is just one d—d thing after another." He evidently had no reference to life in Rawson, N. D.

It is to be hoped those misguided statesmen who endeavored to drag partisan politics into the war plans have heard "from home," and that in no uncertain tone. If ever there was a time when "politics" should be a forgotten word with us, that time is with us now.

A chimpanzee in full evening dress escaped from a show in New York. When found he was mingling with the guests at a swell lobster palace. We are not informed in the dispatch how his keepers distinguished him from the other guests.

Mexico has placed a tax of \$8 a head on persons leaving that country for the United States. If Carranza, Villa et al. are fair samples of the population, Mexico couldn't please this country better than by making the tax prohibitive.

If that German drive catches Trotsky in the net he will wish his name was Runsky or Flysky.

## RED MEN MEET.

Tippecanoe Tribe No. 111 held one of its old-time initiations and banquets Thursday evening. New pale-faces were enrolled upon its list. The meeting was attended by a large audience. Chiefs who were absent for a year, members who are serving in the national army, were present, and visitors, who were truly entertained in Redmanship style. Talks upon Redmanship, the good the order was doing for the good of the country, the large investments made by the tribe in Liberty bonds, thrift stamps, the sending of tobaccos to our members in the trenches in France, and the care taken of the orphans.

New initiations will be held next Thursday, and a large class for adoption will be held in the near future.

The officers of this tribe are always wide awake and are doing their bit toward the growth of its membership and are receiving the help of the chiefs in furthering this great American organization.

Charter fee is now open.

GEO. W. HAGEDORN.

There is no standard recipe for "victory bread," the only requirement being that it must contain not more than 80 per cent of wheat flour, the remaining 20 per cent being composed of corn meal or corn flour, rice, potato flour, or other cereals recommended by the Food Administration. "Victory" pies and doughnuts, which contain not less than one-third non-wheat flour, may be sold on wheatless days if the same recipes are used throughout the week.

If you are in doubt whether or not you can afford to buy thrift stamps and war certificates, just buy them and argue the question out with yourself later.

In reply to inquiries regarding the possibility of redistilling seized spirits for alcohol, the War Department has announced that the small amount of alcohol recovered, the cost of transportation, recuperage and redistillation would make the cost to the Government greater than it is now paying. The average yield from confiscated liquor would not exceed 5 per cent of alcohol.

Plans for the aerial mail route between Washington, Philadelphia and New York contemplate the use of machines capable of carrying 300 pounds of mail a distance of 200 miles without stop. A special postage rate would be charged not exceeding 25 cents an ounce.

The Chamber of Commerce will welcome more members.

Mr. Charles Moorman,

Industrial Club,

South San Francisco.

My dear Charlie:

Suppose

You had a friend

That you had grown

To look upon

As one

With whom you'd pass

Many bachelor hours,

And then one day

He went and married

Some nice girl.

Wouldn't you wonder

What the mischief

Made him do it?

I mean when first

The news was brought

About your friend.

And then perhaps

If winning face

Of charming girl

Your friend had wed

Came to your mind,

Would you feel glad

And wish for him

And for his bride

\*The best of things

In health and joy

That life could give?

And would you speed

Him in your thoughts

Congratulation?

And would you think

How fine it was

That he had found

A truly chum

For all the years?

That's just the way

I felt when news

About your wedding

Came to me.

So for myself

And all the friends

That you have made

Amongst us here

I wish to you

And witching bride

The happiness

You both deserve.

I THANK YOU.

MEATLESS DAYS  
PROGRAM CHANGED

FOOD ADMINISTRATION ABOLISHES PORKLESS SATURDAY; MONDAY AND WEDNESDAY WHEATLESS.

The United States Food Administration at Washington has revised and modified the food conservation program for California.

"Porkless" Saturdays eliminated for a period of ninety days.

"Porkless" Tuesdays will be observed as in the past with modifications. Pork to be conserved under the new definition for the next ninety days means ham, bacon and lard and other cured pork products only. Fresh pork, sausage and trimmings may be sold and consumed as desired on Tuesdays.

The observance of one meatless and one porkless meal each day has been suspended indefinitely.

The wheat-saving program remains unchanged. Mondays and Wednesdays to be wheatless, with at least one wheatless meal, the evening meal, each of the other days.

### SEASONABLE DISHES.

Pecans, peanuts or mixed nuts of various sorts, if browned in a very little oil or butter, then sprinkled with mixed spices, make a nice relish.

### Lumber Camp Pea Soup.

Wash and soak over night a pint of dried green peas. Put a pound of salt pork on to cook with the peas, with three quarts of water and one minced onion. Simmer until the peas are tender, about six or seven hours. If put into a fireless cooker, use two quarts of water, set on a hot radiator and cook over night. Rub the peas through a colander, add seasonings of summer savory, sage, salt and pepper. Thicken with two tablespoonfuls of flour mixed with a little cold milk; boil five minutes and serve.

The pork may be scored into half-inch pieces, browned and served with mustard.

**Sausage Loaf.**—Take one and one-half pounds of sausage, one and one-fourth cupfuls of stale bread crumbs, and one egg. Slightly moisten the stale crumbs, beat the egg, combine the two and add the sausage meat, which should be well seasoned. Form into a loaf, dust with dried crumbs and bake three-quarters of an hour.

**Ox-Tail Soup.**—Slice one onion and fry in a tablespoonful of drippings. Wash and dry the joints of oxtail, but them into the pan with the onion and brown on all sides. Turn the contents of the frying pan into the soup kettle, add a sliced carrot, two stalks of celery, cut fine; parsley, cayenne, salt and pepper to taste, and cover with cold water. Simmer slowly until meat is ready to fall from the bones. Add a cupful of strained tomato and serve.

**Taffy Pudding.**—Soak a cupful of pearl tapioca over night, well covered with water. In the morning drain and add two cupfuls of light brown sugar and cook in water in the oven three or four hours. Serve cold with cream, flavored with vanilla.

A cupful of ginger ale may be thickened with gelatin and chopped fruit added, making a most dainty salad.

### WAR STYLES.

An Expert Gives Economy  
Tips For the Fall Buyer.

Buy as many things as possible in silk, crepe de chine and georgette crape in order to save cotton and linen for government uses.

Be exceedingly careful in your choice of shoes, for leather is scarce and the price is getting beyond the average purse. Instead of wearing thin velvets, fanciful weaves that will not extend through the fashions for any length of time, have the street clothes made of sturdy homespun, the new velours and heavy English suitings.

Don't buy costumes in brilliant colors, because if there is a need for strict economy next fall a dark gown will serve a second season better than a gay one.

France has made a violent effort for three weeks to provide new costumery for America, and she has succeeded. The cables report that a box full of tricks has been developed.

The main point is the elimination of waste material in all garments. Therefore the silhouette must be as slim as though it had a lead pencil as its model.

There is a strong effort made to bring into fashion the half low evening gowns, such as the European women have been wearing for three years. This is not universally becoming to the Anglo-Saxon, and it is probable that the American evening gowns, with their old and deep décolletage, may be still adopted by many.

No matter what slight fullness there may be at the hip line in certain gowns, there is no division of opinion concerning the narrowness of the skirt.

## GIRLS' PATRIOTIC CLUB IS ACTIVE

### NEW SOUTH SAN FRANCISCO ORGANIZATION ASKS SUPPORT IN LAUDABLE WORK.

The Girls' Patriotic Club of South San Francisco met in the Library building Tuesday evening. There were fourteen girls present, the evening being devoted to the sewing of trench pillows. The girls of the club have already donated to Camp Fremont:

- Two dozen towels.
- One dozen khaki handkerchiefs.
- One dozen laundry bags.
- One dozen trench pillows.

Each girl present pledged herself to bring another girl to the next meeting, the plan being to eventually bring the membership up to fifty. This should not be an impossibility, considering the enthusiasm displayed at past meetings.

It is the aim of the members to have the clubrooms nicely furnished, and any donations will be gratefully received. Mrs. W. J. Martin and Mrs. John Coffinberry have kindly offered sewing machines. A large American flag donated by Mrs. Martin improves the appearance of the clubroom very much.

The clubroom is at present devoid of furnishings, and the girls are making an appeal to the public for anything in the line of furnishings, such as rugs, tables, chairs, etc., that they could spare.

The work of the club is a very laudable one and deserves the support of the entire community.

The second interclass basketball game resulted in a big surprise, because the freshmen showed wonderful speed, and they look as if they will fill our places next year.

On Friday we went to Halfmoon Bay and lost by the score of 32 to 19. The same old story—Halfmoon plays better on their own court. They have an outdoor court there.

Mission High meets us Saturday in a game of baseball.

The last interclass game of basketball will be played on Monday—Seniors vs. Freshmen.

## HIGH SCHOOL TO GIVE SECOND PLAY

### WELL-SELECTED CAST FROM STUDENT BODY WILL PRESENT "FANCHON THE CRICKET" APRIL 6.

Immediately after Easter the students of the high school are planning to give the second dramatic event of this school year. The play chosen is "Fanchon the Cricket," a domestic drama in five acts, from a tale, by George Sand.

It is a story of French peasant life, and the customs, superstitions and prejudices of the people are depicted in a cheerful and pleasing manner. The leading parts are to be taken by students whose ability is well known, viz.: Loretta McLean, Mary Kauffmann, Sylvia Doak, Myrtle Kiessling, Angelo Scampini, Kenneth McIntyre and Joe Mahoney. There are also eight or ten minor characters who are needed to bring out the points of the play and who add to the general merriment.

A full account of the cast and the part each is to take will be published later, but all friends of the school and all those who desire to spend a pleasant evening are urged to remember the date, April 6, and to be present in the High School Auditorium at that time.

### "THE PUBLIC UTILITIES COMPANIES MUST BE KEPT UP"

Replying to a letter from Secretary McAdoo, in which he calls President Wilson's attention to the financial crisis at present threatening the public utilities companies, the President says:

"I fully share the views you express regarding the importance of the public service as a part of our national equipment, especially in war time. It is essential that these utilities be maintained at their maximum efficiency and that everything reasonably possible should be done with that end in view.

"I hope that the State and local authorities, where they have not already done so, will, when the facts are properly laid before them, respond properly to the necessities of the situation.

"I shall be glad to have you communicate with the local authorities whenever the information in your possession suggests that such a course is desirable and in the national interests."

## SUNLIGHT IN GARDENS.

No amount of fertilizer, watering and cultivation will make up for the absence of sunlight in a garden. Home gardeners before attempting for the first time to use a back yard or other space should consider carefully how many hours a day any part of the yard is in shadow from buildings, fences or trees. At least five hours of sunlight a day are necessary for a successful garden. The more sunlight they get the better it is for most vegetables. For this reason it is bad practice to put plants of low habit between tall growing plants which will shade them for the greater part of the day. As a rule foliage crops such as lettuce, spinach and kale do fairly well in partial shade, but even these must have sunshine two or three hours a day. In laying out the garden therefore use shadier parts for such plants and reserve the sunny spaces for those which must have plenty of sunlight to grow any fruit properly.

## The Titian Blond.

A girl with red hair and a fair complexion must be careful in the selection of the colors she wears. The dull blues, the soft shades of greens, the pale lavenders, black, white, creams and tans are the best colors. She should not wear baby blues.

## Submarine Will Be Ruled Out of Warfare When Peace Comes

By JOSEPHUS DANIELS, Secretary of the Navy

I DO not think there is any doubt that the submarine will become a useless, discarded type of war craft in the future. It will be a useless thing because we have got to make it so in this war. Furthermore, it will be put in the SAME CATEGORY WITH THE STILETTO AFTER THE WAR AND ABSOLUTELY RULED OUT OF WARFARE BY CIVILIZED NATIONS.

Remember that this war is not going to end until those same civilized nations are sure of themselves in declaring that the barbarities which have developed in the last three years have ended for all time.

BUT FOR THE PRESENT WE ARE CONCERNED CHIEFLY WITH THE PROBLEM OF MAKING THE SUBMARINE USELESS TO THE ENEMY.

The best portion of a good man's life—his little, nameless, unremembered acts of kindness and of love.—Wordsworth.

## OAKLAND TO HAVE BIG LAND SHOW

BAY CITY PLANNING ONE OF BIGGEST EVENTS EVER LAUNCHED.

One of the biggest events, an exposition of land industries and resources of the entire Pacific Coast, is now planned to open in Oakland, Cal., at the Civic Auditorium August 15 and continue until October 15.

The exposition will occupy the Auditorium itself, as well as the thirty acres of ground surrounding it. In dimensions it will be the largest event of its kind ever attempted west of Chicago, excepting, of course, the P. I. E.

In comparison to other displays of its kind it will be five times as large as the recent San Francisco Land Show, which covered an area of 200,000 square feet, and more than ten times as large as the notable land shows given in Chicago and Omaha.

The exposition is fostered by a group of well-known business men identified with the civic and financial well-being of California for the purpose of exploiting at this time the superb resources of the western coast. It is purely a progressive and philanthropic movement and is not, therefore, planned for profit.

Harry Perkins, originator of the National Orange and Apple shows and identified with many big enterprises, is manager of the exposition, and Geo. B. Keefe is general manager.

### CARD OF THANKS.

Mr. L. Wackerman and family wish to express their sincere appreciation and thanks to the many friends for their kindness and sympathy shown them during their recent bereavement.
